

Other Animal Welfare Organizations with Financial Assistance Programs

Our Animal Rescue Fund has limited funds available to help low-income pet owners with vet bills. It is possible for you to secure several contributions from these organizations. In most cases, no organization will cover 100% of the cost for your pet's urgent care. Here is a list of other organizations you should contact to seek help with medical care for your pet in need.

This website has many ideas for out-of-the-box ways to fund your pet's care: <http://www.thepetfund.com/for-pet-owners/financial-assistance>
