

## Yuba County Child Care Relief Stipend Program Application

The purpose of this program is to ensure that child care businesses remain open, re-open, or expand services in safe, quality, and suitable learning environments. The funds will further assist in meeting the increased demand for child care for working families and increasing provider capacity to assist school age children with distance learning. The Yuba County Child Care Relief Stipend Program is a program made possible by Yuba County through CARES Act funds. First 5 Yuba County has partnered with Children’s Home Society of California to receive applications and distribute funds.
